Profile

I am a friendly and cooperative University of Alberta alumnus. I love working with kids and delivering fun, educational experiences, and I have been doing so for the last eight years in various roles. I am passionate about supporting students' diverse needs, specifically those who need modified individual programming. In my spare time, I enjoy reading, swimming, and playing board games with my friends and family.

Education

2017-2021, Bachelor of Education with a concentration in Special Education and Native Studies from the University of Alberta, Edmonton, Alberta
